PROFILE SUMMARY

Full Stack Developer with hands-on production experience at Fitniti. Skilled in React, Node.js, and MySQL. Built and deployed AI-integrated web platforms serving real users. Passionate about clean architecture and scalable solutions.

SKILLS

Languages: JavaScript (ES6+), Java
Frontend: React.js, HTML, CSS3, Tailwind CSS, TypeScript
Backend: Node.js, Express.js, RESTful APIs
Database: MySQL, PostgreSQL
Tools and AI: Git, GitHub, Vercel, OpenAI API integration

EXPERIENCE

Fitniti — Associate Software Engineer

January 2025 - January 2026

- Delivered 5+ production-ready features for Fitniti's web platform, ensuring responsiveness and cross-device compatibility using React.js and Tailwind CSS.
- Designed and implemented secure RESTful APIs with MySQL queries, enabling robust and scalable backend data workflows.
- Collaborated with UI/UX designers to convert Figma into functional interfaces, reducing turnaround by 30 percent through early design reviews.

PROJECTS

Planly — AI-Powered Learning & Career Roadmap Platform (React, Node.js, PostgreSQL, OpenAI API)
app.gopikoduri.com

- Architected and developed a full-stack AI-driven SaaS platform that generates personalized, structured 30/60/90-day learning roadmaps with automated task decomposition and real-time progress tracking.
- Implemented secure multi-tenant backend with Supabase Auth, PostgreSQL, and Row Level Security (RLS), ensuring strict data isolation and scalable user-level access control.

EventFlow — Scalable Event Registration and Management Platform (Next.js, Tailwind CSS, Docker, Redis)
gopikoduri.com

- Architected event-driven microservices system handling 500 registrations/min and 10,000 concurrent users with Redis-backed queuing.
- Containerized full stack with Docker for consistent deployment and horizontal scaling under peak load.

EDUCATION

B.Tech — Computer Science and Engineering
Sree Rama Engineering College, Tirupati

2020 - 2024

CERTIFICATIONS AND ACTIVITIES

- **Internship Completion Certificates** — Fitniti and Young Minds
- Content creation on Instagram and YouTube sharing coding tips; exploring Kubernetes, System Design, and AI/ML.
